Note

1. The rates in columns (2), (4), (6), (8), (10) and (12) represent the amounts payable by the employer in the first instance. The rates in columns (3), (5), (7), (9), (11) and (13) represent the amounts that are recoverable from the employee's wages
2. For employees in the above 50 to 55 , above 55 to 60 , above 60 to 65 and above 65 age groups, replace the figures underlined in columns (4) and (5) with the corresponding figures in columns (6) to (13).
3. The contributions should be rounded off to the nearest dollar. An amount of 50 cents should be regarded as an additional dollar. When recovering from the employee's wages, the cents should be dropped.
